**SITE TECH CONTINUES COMMITMENT TO JOBSITE SAFETY WITH CPR TRAINING FOR FIELD STAFF**

Building on Site Tech's commitment to jobsite safety at all levels of our construction teams, CPR training and certification classes were recently conducted for Site Tech's field management staff. Through the use of video, lecture and hands-on training with CPR mannequins, the group learned valuable life-saving skills and received CPR Certification from the American Heart Association.

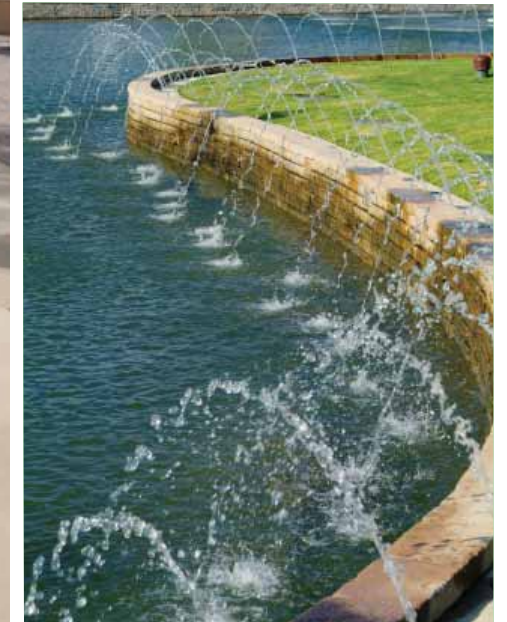

The proper procedure for the Heimlich maneuver is demonstrated.

Showcasing the Latest Hardscape Projects

**RENAISSANCE AT COLONY PARK  
AN INNOVATIVE LIFESTYLE CENTER**

Site Tech and Hoar Construction recently completed Renaissance at Colony Park in Ridgeland, Mississippi. The hardscape package, designed by Lee Richardson & Associates, included multiple water features, extensive site masonry and more than 200,000 sq. ft. of tumbled concrete pavers and architectural concrete paving. In a second phase of work, Site Tech has just completed a custom fountain with hand-carved Italian marble features. ■

# THE MARKETS AT TOWN CENTER

Site Tech hardscape crews are nearing completion at The Markets at Town Center in Jacksonville, Florida. Built by Balfour Beatty Construction with hardscape design by Site Solutions, LLC, the project features clay pavers, integrally colored and stamped concrete pavements, architectural fountain, masonry seat walls, stone pathways, trellises and site amenities. The project is scheduled for completion in early 2009. ■

# THE MERCATO (ITALIAN FOR "MARKETPLACE")

Site Tech is proceeding on schedule at the Mercato, a 53-acre mixed use project in Naples, Florida. Built by Hoar Construction, the hardscape project features over 135,000 sq. ft. of pedestrian and vehicular concrete pavers with another 140,000 sq. ft. of integrally colored concrete paving, masonry planters, seat walls and site amenities. Designed by Cooper Carry Architects, the job is scheduled for completion in early 2009. ■

# RICHMOND CENTRE OPEN-AIR RETAIL CENTER

Site Tech has substantially completed the Richmond Centre in Richmond, Kentucky. The new retail center was built by Hoar Construction and features concrete sidewalks and roadways with tooled joints, masonry columns, monument and seat walls with brick veneer and cast stone coping, architectural fountain, precast planters and site amenities. The hardscape project was designed by the Pazdan-Smith Group. ■

# ST. REGIS HOTEL & RESIDENCES

Site Tech hardscape crews are progressing at the St. Regis Hotel and Residences project in Atlanta. The 26-story luxury hotel and condominium is being built by Bovis. The hardscape package, designed by Laubmann Rector Landscape Architects, accentuates the classic architecture of the building and includes custom water features and architectural fountain, granite and bluestone pavements with cobblestone curbs, travertine and concrete unit pavers, architectural concrete walls and curbs with cast stone, and precast accents and site amenities. The project is scheduled to be complete in early 2009. ■
