# ST. REGIS HOTEL AND RESIDENCES

Site Tech has completed the St. Regis Hotel and Residences project in Atlanta, Georgia. The hardscape package included an architectural fountain, custom water features, granite and bluestone pavements with cobblestone curbs, travertine and concrete unit pavers, architectural concrete walls and curbs, and site amenities. Laubmann Rector, Inc. created the hardscape design, and the general contractor was Bovis Lend Lease. ■

## ROME TOWN GREEN 175<sup>TH</sup> ANNIVERSARY CELEBRATION

Designed to commemorate the city's 175th anniversary, Rome Town Green boasts an interactive fountain and water features which represent the three rivers that converge in the area. The Green, located on the banks of the Oostanaula River, was designed by Jordan, Jones & Goulding. The project included architectural and arbelstone concrete pavers, fieldstone veneer masonry columns, granite rubble seat walls and runnels, engraved granite tablets and signage, interactive fountain and brick veneer rain garden wall with granite caps. The project also included integrally colored concrete paving stamped with embossing skins, indigenous leaves and custom tools; integrally colored exposed aggregate, river rock and site amenities. The general contractor was R. J. Griffin & Company. ■

# THE PINNACLE AT SYMPHONY PLACE

## A GREENROOF RETREAT ON THE SEVENTH FLOOR

Site Tech recently completed The Pinnacle at Symphony Place project in Nashville, Tennessee. Designed by Everton Ogelsby Architects, the project contains architectural concrete pavers on the SRS Pedestal System, concrete unit pavers, wood and steel trellis, steel planters, structural soil and site amenities. The project general contractor was Brasfield & Gorrie. ■

# HAMMOND SQUARE MALL

Hammond Square Mall in Hammond, Louisiana, has been transformed into an open-air lifestyle center with nearly twice the retail space of the old mall. Designed by HKW Associates, Inc., the project includes nearly 150,000 square feet of scored and colored exposed aggregate concrete, as well as brick veneer planter walls with cast stone caps, ADA pavers, extensive drainage, signage, and site amenities. The general contractor for the project was Hoar Construction. ■
