HARDSCAPE CONSTRUCTION

# PROJECT PROFILE | TURNER FIELD

*Atlanta, Georgia*

## PROJECT FEATURES

- Concrete Unit Pavers
- Site Amenities

**General Contractor**  
Atlanta Stadium Constructors

**Architect**  
ECOS Environmental Design

**Owner**  
Turner Entertainment

Transforming Atlanta's former Olympic Stadium into Turner Field originally called for integrally colored concrete paving. However, when winter rains threatened to delay the project completion, the plaza and site pavements were revised to concrete pavers with minimum cost impact. In spite of weather delays, Site Tech worked around the clock to beat the opening day deadline, installing over 133,000 square feet of concrete pavers in only 31 days! ■
